Dearest friends and supporters of VOS

We've made it through 2020! What a year it has been.

My heartfelt gratitude to all of you who have supported and loved us (and even sent us lunches and food). In the past year, we are incredibly humbled that thousands of people have been moved by our work at Voices of Singapore - be it through our virtual choirs, programmes, festival, or virtual singing sessions.

We started new programmes for people from all walks of life and did numerous videos to raise awareness for various causes. We started the first national day singalong 'SingNation'. Our HOME virtual choir saw great success and achieved our mission of promoting strength, unity and solidarity in the country. This year, our work has also been presented at TEDx, One Love Asia (UNICEF Fund Raiser), The Istana, President Star Charity, ChildAid, and at numerous embassies around the world. We have also started a "Support a Singer" fund at VOS that helps to defray the cost of singing programmes for singers either from less privileged backgrounds or singers who are experiencing financial difficulties due to the Covid-19 pandemic.

As we move towards our goal of building a Singing Singapore, we will be expanding our administrative and artistic teams to hire some of the best people in the industry. We are looking to start singing groups in the heartlands, a new choir for special children, a singing group for ex-offenders and their families, a choir for domestic workers and last but not least, corporate choirs. We want to move into the parts of society with the highest levels of stress and use singing as a tool to uplift, inspire and engage people.

We will also be enhancing our children's choir programme to elevate it to greater heights by linking up with the best choirs around the world so that our VOSCC singers may join any of the national children's choirs around the world through exclusive partnerships. To facilitate our growing number of singing groups and classes, we will also be opening a

new branch of Voices of Singapore in City Hall at the Adelphi. We are excited to be located at the heart of Singapore's cultural centre.

Last but not least, we are stoked to be launching a special fundraiser. As part of "Your Legacy Our Song" fundraiser, we will compose a new song specially for you, a loved one, or for a corporate entity. I ask for your continued support for Voices of Singapore by becoming one of our supporters. Your contributions will be channeled to our programmes that use singing to uplift and improve the lives of people in Singapore. I thank you from the bottom of my heart and wish you the best of health.

Let us build a Singing Singapore, Together.

Sincerely yours
